

**Jimny**  
5-door

From its inception in 1970, Suzuki's Jimny has earned a cult following. The rugged 3-door 4x4 has evolved through a series of updates, celebrated by an exceptionally loyal fanbase. The latest game-changer?

## **THE ALL-NEW SUZUKI JIMNY 5-DOOR!**

With expanded carrying capacity and truly comfortable seating for four adults, its authentic off-road ruggedness and easy manoeuvrability, it takes outdoor exploration to a whole new level.

# Jimny

5-door

**Marry the spirit of Suzuki's off-road adventurer with what South Africans just do naturally, and you get bold navigators who have been carving pathways across global landscapes for over 50-years.**

Boldly embracing its reputation as an authentic off-roader, the brand's all-attitude, all-terrain, three-door Jimny has been part of epic memory-making journeys for hurdles big, bold – and the everyday – with a gusto that just doesn't get tired.

So, with cult-status heritage befitting Suzuki's feisty 3-door Jimny daredevil, we thought we'd salute the dare to move the goalpost... and invite you into a world where it's all you thought you knew about the Suzuki Jimny – but "MORE".

# BORN FOR MORE!

Add the family. Add the friends. And do MORE with your fearless adventurous spirit, as you tread higher and navigate deeper into the unknown.

# READY TO GO LARGER- THAN-LIFE?

While we know the convinced are committed fans, the all-new Suzuki Jimny 5-door introduces a whole new range of invitees.

**MORE DOORS.  
MORE SPACE.  
MORE ADVENTURE.**

Upsize your adventure with the all-new Suzuki Jimny 5-door's capable 1.5ℓ engine that generates strong torque over a wide rpm range for powerful off-road performance and economically impressive fuel efficiency.

You, life, and even maybe your brood got bigger? Your JIMNY spirit keeps up with extra capacity and the assured brevity befitting a big-brother!

# ADVENTURE IN EXTRA COMFORT

While you may not always be driving on smooth roads, you'll always be driving in comfort thanks to a number of features which include:

## INTUITIVELY DESIGNED CONTROLS

From the switches to the dials and touchscreen controls, each element has been thoughtfully designed for easy access and use when you're navigating rough terrain.

## STEERING WHEEL INTEGRATED SWITCHES

Easy to use cruise control\* and audio controls switches have been integrated into the steering wheel.

\*Available in GLX model.

## USB AND ACCESSORY SOCKETS

There are two 12V accessory sockets. One is located in the centre console, the other in the luggage area. This is standard across the range.

## COMFORTABLE SEAT DESIGN

Four seats, built for shock absorption and comfort with thick cushioning. The front seats go all the way back, doubling as beds, while the back seats offer ample room so everyone can enjoy a comfortable ride.

## A SIMPLE YET AMPLE CABIN

The elegant black interior and textures help to conceal any small scratches and reduces distracting reflections.

## FULL ACCESS VIEW

The upright A-pillars and flat square shaped bonnet structure offer unobstructed views and gives a better sense of the vehicle position.

## STAY CONNECTED TO TECH THAT MATTERS

Choose from the 9" touchscreen infotainment system in the GLX model and a 7" infotainment system in the GL model. Both models feature a reverse camera.

# SET YOUR SIGHTS ON NEW HORIZONS – SAFELY

While pushing the limits of adventure, safety's priority is reinforced by side impact door beams, ABS, ESP, hill hold control, hill descent control, brake assist function, ISOFIX child seat anchorage system on the rear seats, parking sensors and an immobiliser security system as standard.

The Jimny 5-door is equipped with six airbags.\* The dual front airbags and side and curtain airbags offer you and your passengers added protection should things get hairy.

\*GLX model only

## ELECTRONIC STABILITY PROGRAM (ESP)

ESP technology helps you control the vehicle during cornering, and assists you in maintaining traction when accelerating on loose or slippery road surfaces. If wheel slip is detected, the ESP system automatically regulates engine torque and selectively applies the brakes to help you maintain control.

\*ESP® is a registered trademark of Mercedes-Benz Group AG that is designed to keep the car under control. However, its effectiveness depends on driving conditions and the state of the road surface. If the tyres exceed their grip limit and the wheels start to spin or skid, it may not be fully effective.

## PEDESTRIAN SAFETY

The Jimny 5-door front bumper, fenders, bonnet and other front-end components have been designed to absorb impact and mitigate pedestrian head and leg injuries in case of a collision.

## REAR PARKING SENSORS

Avoid accidents when reversing with ultrasonic sensors in the bumper which detect obstacles and will make audible warning signs when approaching obstacles.

# BUILT FOR ADVENTURE

## OFF-ROAD AND BEYOND

The Jimny 5-door off-road capabilities is off the charts. With ample departure and approach angles, get ready to navigate the most treacherous passes, while the wide ramp breakover angle and generous ground clearance lets you climb up jagged rocks, as well as tackle sand and mud with complete confidence.

## OFFROAD ALLGRIP PROWESS

Jimny's ALLGRIP PRO 4WD system lets you handle all kinds of terrain. In 2WD mode, it provides smooth, quiet, fuel-efficient power delivery for driving on paved roads. In 4WD mode, it offers you a choice of high-range and low-range transfer gears. High-range 4WD provides additional traction for driving on dirt or gravel trails and showy roads, while low-range 4WD delivers maximum traction and torque for traversing soft sand and mud or steep, rocky terrain.

Each mode unlocks more adventures for you to explore in complete comfort.

## GROUND CLEARANCE

With ample ground clearance and generous departure, ramp breakover and approach angles, Jimny's body and chassis design reduces the chance of both underbody and bumper damage when traversing uneven terrain.

## HIGH-RIGIDITY LADDER FRAME

The high-rigidity ladder frame is specifically designed to meet the demands of off-road driving in rough terrain. Providing a solid foundation for all your adventures, it also contributes to handling stability and long-term durability.

## HILL HOLD CONTROL

When starting out on an uphill slope, hill hold control prevents the vehicle from rolling backward for approximately two seconds, giving you enough time to change feet from your brake pedal to the accelerator pedal.

## HILL DESCENT CONTROL

Hill descent control automatically applies the brakes as needed to maintain a steady speed, so you can focus on steering as you descend. 10km/h in High and 5km/h in Low Range.

## STEERING SYSTEM

The ball-screw steering system provides sufficient feedback yet minimises kickback, so that you can stay in touch with the terrain. The new Jimny 5-door also comes with a steering damper for improved on-road performance.

# WHAT EVERY ADVENTURE NEEDS. SPACE AND UTILITY

## WIDE AND TALL BACK DOOR OPENING

The large back door opening makes it easy to stow gear in the roomy luggage area of 211ℓ\* with a low door-sill height that reduces strain when loading and unloading heavy items. The rear seats can fold down allowing for ample space when carrying additional supplies. A lamp, mounted on the side of the luggage area illuminates the space when needed and a socket delivers 12V power to essential camping gear.

\*When rear seatback is raised. Measured using the German Association of the Automotive (VDA) method.

## OPTIMISED BUMPERS

The Jimny 5-door angled bumper edges helps to provide clearance at the wheels so you can avoid obstacles while the tough-textured black material on the bumper protects against scratches and stone chips.

## DRIP RAIL

Stay dry with the practical drip rail that runs along the side and rear edge of the roof. It also offers easy installation of roof carriers.

## LED HEADLAMPS

A striking design feature of the Jimny 5-door (GLX model). They are effective with washers that allow you to navigate through mud and rivers with confidence.

## ALLOY WHEELS

Dark grey, metallic finish 15-inch alloy wheels complement the Jimny 5-door's rugged styling in a flared wheel arch and side sill splash guards that help shield the body from mud and gravel.

## RHINO COLLECTION

### STORY OF THE JIMNY RHINO LOGOMARK

With hard, thick hide and long pointed horns, the rhinoceros of the African savanna has a form reminiscent of a dinosaur. Normally the rhinoceros lives a quiet and peaceful life, but when it is necessary to protect territory or companions, the rhinoceros has the courage to charge almost any opponent at great speed, without hesitation.

In 1981, Suzuki created the rhino logomark, choosing a rhinoceros motif because it is reminiscent of rugged and robust real 4x4 vehicles.

The stylized figure of a rhinoceros, with skin like armor and its weight slung low, charging forward, became famous overnight among Jimny fans around the world. It is now the firmly established and popular symbol of the Jimny brand.

## COMPLETE

Suzuki understands that purchasing a new vehicle is a substantial investment. Our unwavering commitment to customer satisfaction is represented in our 'Suzuki Complete' package, which includes every aspect of after-sales support, with warranty, service plan, and roadside assistance standard.

### Warranty

All Suzuki models are covered by a promotional comprehensive manufacturer's warranty against any defects for a period of 5-year/200 000km. This is supported by a six-year body corrosion warranty subject to terms and conditions. The comprehensive manufacturer's warranty is strictly reserved to new passenger cars purchased at Suzuki dealerships nationwide.

### Service Plan

The Suzuki Jimny 5-door in GL and GLX derivatives benefits from a 4-year/60 000km service plan. This plan includes the replacement of oil, the oil filter, fuel filter, brake fluid, air filter and accessory belts, but excludes tyres, brakes and other wear-and-tear items.

### Service Intervals

15 000km or one year, whichever comes first.

### Roadside Assistance

Every new Jimny 5-door comes with a five-year roadside assistance plan. Some of the benefits offered by this comprehensive package include: battery and locksmith call-out services, mechanical and electrical, breakdown towing (accident towing is optional), emergency medical rescue, vehicle repatriation and a stand-by-you roadside security armed-response service.

All care is taken to ensure the accuracy of this brochure at the time of print approval.
